

COLD WEATHER GOT YOU STUCK?

- ▶ HEAT IT
- ▶ THAW IT
- ▶ CURE IT

- ▶ INSULATE IT
- ▶ WRAP IT
- ▶ PROTECT IT

1001 Uses and Counting:

Powerblanket's innovative heat spreading technology provides uniform directional heat to temperature sensitive materials and equipment while delivering superior protection for use in cold weather environments. The Powerblanket® is engineered to maximize productivity by maintaining project schedules and extending your work season. Our "GreenHeat Technology®" is utilized in every product we manufacture to deliver the most energy efficient methods for ground thaw, concrete curing, pipe freeze protection and industrial heating.

With over 1001 uses and counting...

HOW WILL YOU USE YOUR POWERBLANKET®?

THE POWERBLANKET® DIFFERENCE IS:

INDUSTRIAL HEATING SOLUTIONS for ▶

Drums

55 / 30 / 15 Gallon

- ▶ Insulated Full Wrap Design
- ▶ Rapid Ramp Technology
- ▶ Available w/ Adj. Temp Control
- ▶ Works on Both Metal & Poly
- ▶ UL / CSA Compliant

Buckets

5 Gallon

- ▶ Uniform Heating
- ▶ No Hot or Cold Spots
- ▶ Low Energy Consumption
- ▶ Various Temp Settings
- ▶ Easy to Install & Remove

IBC Totes

275 / 330 Gallon

- ▶ Freeze Protection
- ▶ Viscosity Control
- ▶ Safely Heat w/o Scorching
- ▶ Removable Top
- ▶ Pin-Point Temp Control

CONSTRUCTION HEATING SOLUTIONS for ▶

Curing

Below ZERO Curing, Thawing and Rapid Melting Made Easy

- ▶ Cure Bridge Decks & Pre-cast
- ▶ Ideal for Footings & Pads
- ▶ Reduce Cure Time
- ▶ Increase Concrete PSI
- ▶ Maintain Optimal Curing Temps
- ▶ Deliver a Superior Product

Thawing

- ▶ Thaw & Cure Multi-Duty
- ▶ Prevents Ground Freezing
- ▶ Large Coverage / Low cost
- ▶ Patented Heat Spreading
- ▶ Low Energy Consumption
- ▶ Keep Crews Working

Extra Hot

- ▶ Rapid Overnight Thawing
- ▶ Melt Ice, Snow & Frost
- ▶ Utility Digging & Footings
- ▶ Extra Hot Quick Thaw
- ▶ Safe / Fast / Affordable
- ▶ #1 Contractor's Choice

OUTDOOR FREEZE PROTECTION for ▶

Pipelines & Wellheads

Superior Heating for Oilfields, Mining Operations & Manufacturing

- ▶ Easy to Install & Remove
- ▶ No Expensive Setup Costs
- ▶ Delivers a Barrier of Uniform Heat
- ▶ Designed to Thaw & Freeze Protect
- ▶ Maintain Flow & Pumpability

Tanks & Cylinders

- ▶ Warm Propane Cylinders
- ▶ Maximize BTU Output
- ▶ Heat Frac Tanks & Valves
- ▶ Insulated Full Wrap Design
- ▶ Easy to Setup & Operate

Engines & Equipment

- ▶ Cold Weather Protection
- ▶ Heat Engine Compartments
- ▶ Insulate Hoses & Fluids
- ▶ Protect Batteries & Motors
- ▶ No More Cold-Starts

BULK MATERIAL WARMING ▶

HotBox

Heat Temperature Sensitive Materials for Maximum Productivity

- ▶ Easy Setup & Transport
- ▶ Internal Free Standing Frame
- ▶ Adj. Thermostat Controls
- ▶ Great for Cold Patch & Bulk Items
- ▶ Easy Access Top & Side Doors
- ▶ UL / CSA Safety Compliant

Spray Foam

- ▶ Preheat Your Spray Foam
- ▶ For Drums, Boxes & Cylinders
- ▶ Pin-Point Temp. Control
- ▶ Increase Yield & Quality
- ▶ No More Gummed-Up Hoses

Custom

- ▶ Keep Crews Working All Winter
- ▶ Multiple Sizes Available
- ▶ Custom Orders Encouraged
- ▶ Weatherproof & Water Resistant
- ▶ We Deliver the HEAT!

**FINALLY . . .
WINTER HAS MET
IT'S MATCH!**
